Petra Grech (KPS Commissioner): With regards to upcoming events, Freshers' Week is fast approaching, and we would like to wish each and every one of you the best of luck. KSU executive board members will be roaming round the stands during the week so do not hesitate to ask us if in need of help. On the 3rd of October, KSU will be organising the 'Battle of the Bands' and we would like to encourage students to join us on the night. We would like to give the floor to William Farrugia to explain the RAR results.

William Farrugia (KSU Secretary General): After submitting your Room Allocation Reports a few weeks back, each and every report was examined by an independent board approved by the Commission. The results about to be presented include the placing of each organisation and the office allocated to it. I would like to remind you that should you dispute the results, there is a timeframe which allows for an appeal, after which the result will be reviewed. This means that these results are provisional, and the final result will be published once the appeal period has ended. These are the RAR results:

If you would like me to explain how the points were awarded for your particular organisation, do not hesitate to contact me or to approach me for further clarification. I will be very happy to meet up to explain the breakdown of the points awarded and the reasoning of the board in awarding the points. We would like to remind you that you can file an appeal for a review your results.
